

We plan to suit your needs...

At the **Hereford Dental Clinic** we are aware of the demands made on your hard-earned incomes, balanced with meeting your own, individual aspirations about the way you look and enjoy life.

We realise you appreciate the importance of maintaining your dental treatment, and that it needs to be matched with an equally painless financial plan tailor-made to suit your circumstances.

Which is why we are pleased to offer our own Dental Care Plan, which provides you with high-quality dental care at the affordable price of just £10.50 per month, or between £2.50 and £3.50 for children up to 18 years old. This covers what we regard as the essential components of a programme designed to ensure you have peace of mind - and all that's necessary for healthy teeth.

Our Dental Plan includes:

- Regular dental appointments (two per year) to provide:
 - Clinical examination of teeth and gums
 - Soft tissue screening
 - Assessment of existing restorations
 - Checking for signs of oral cancer
 - Routine x-rays where clinically necessary
- Twice-yearly hygiene appointments with our dental therapist to provide:
 - Scale and polish
 - Periodontal advice
 - Preventive techniques to reduce decay and gum disease
- Assessment of emergencies and dental pain with any temporary treatment required, carried out at the practice during normal surgery hours.
- All treatment planning for your future dental needs.
- All subsequent remedial work within 12 months of recommended restorative work.
- 20% reduction off any other treatment you might require not including implants or orthodontics.
- Worldwide Dental Trauma Insurance to protect against the cost of large unforeseen accidental damage.
- Emergency Callout Insurance, should you need a dentist in an emergency, anywhere in the world.
- Redundancy protection for your monthly plan payments for up to 12 months.
- Access to Practice Plan Perks, a website that offers a range of exclusive discounts from brands such as M&S, Sainsbury's and Expedia, as well as invites to VIP evenings at retail outlets.

Please note, discounts only apply to treatments carried out at the practice.

For more information, please ask your dentist or a member of the reception team.

Patient credit facilities

We have found that many patients having complex restorative, cosmetic, orthodontic or dental implant treatment have taken advantage of our interest-free and low cost payment plans to fund their treatment programmes.

This can prove to be a more convenient and more affordable way to get the correct treatment you want, and pay for it over a period to suit your needs.

A plan can be tailor-made to suit just about anyone over the age of 18 and for most dental work necessary to complete the more costly treatments. Subject to a fast 'on-site' credit application sums of up to £50,000 can be agreed there and then, allowing treatment to be scheduled immediately.

As with other conventional facility arrangements, loans are repaid in affordable monthly payments

over an agreed timescale, and are collected by direct debit. With our 0% facility you simply pay the cost of the dental treatment - interest-free means just that. If a low-cost plan is more suitable to your needs, we provide you with a quotation showing the monthly repayment and the total interest payable over the term of the loan. There are no hidden costs, and no deposit is required.

Should your treatment cost more than originally planned - and we will let you know as soon as this becomes apparent - you can choose an additional facility to cover the cost. If your treatment costs less than planned, we will refund the amount directly to you, or the credit provider will reduce the amount from the balance on your loan account.

Typical Examples

Treatment Cost	Facility	Term (months)	APR	Monthly Payment	Total Payment
£1,500	Interest Free	12	0%	£125.00	£1,500.00
£1,500	Low cost	24	7.9%	£67.59	£1,622.16
£1,500	Low cost	36	7.9%	£46.76	£1,683.18
